Transfer Student Virtual Learning Community*

We invite you to participate in an exciting new opportunity for transfer students who are entering UM in fall 2011.

The goal of the **Transfer Student Virtual Learning Community** is to provide new transfers valuable information on managing the transition to the University of Maryland. We can help new transfer students:

- Learn more about opportunities at the University of Maryland
 - Learn about campus resources
- Develop more effective learning strategies
- Create a support network on campus

The **Transfer Student Virtual Learning Community** will be accessible to all new transfer students via the ELMS Blackboard site. Just contact LAS to join!

**Funded in part by a UM Parents' Association Initiative Grant*
